For information on garbage & bulk pick-up.

Department of Public Works:
973-325-4067
To schedule bagged leaf pick-up.

Household Hazardous Waste & Computer Recycling:
973-257-2350

 This publication is printed on recycled paper.

Mayor John F. McKeon

On November 15, 2004, West Orange implemented new and improved recycling regulations that will make it easier for residents and businesses to recycle more materials from the convenience of your curb. This program is great for the environment and if properly followed will reduce the amount of tonnage in our municipal waste stream and thereby reduce the cost of disposing of our Township refuse.

All of the information you need to know about recycling in West Orange can be found on these pages. I urge every resident, business and commercial enterprise to carefully read this recycling circular, save it in a convenient place and refer to it often.

Recycling all recyclable materials listed in this pamphlet is required by law and will not be collected in your regular trash. If we all adhere to these simple instructions this recycling program will help to preserve our environment, will put less strain on our natural resources and provide us with another effective cost saving program.

If you have any additional questions about recycling in West Orange you may call our Recycling Coordinator at 973-325-4205. Remember; **recycling is easy, it's good for the environment and it's the law!**

Yours,

Mayor John F. McKeon

What You Can Recycle...

Clean glass, plastic, aluminum, steel, tin and bi-metal cans:

Glass bottles do not need to be color separated. Any plastic container with a neck (milk, soda, water, laundry detergent, etc.) can be recycled. These all should all be empty, **rinsed clean** and placed in a single container that **may not exceed 35 gallons** in capacity. You do not need to remove labels. Any plastic similar to frozen dinner trays, margarine tubs and sour cream containers should be disposed of in your regular trash, as should metal and plastic bottle tops, lids and sprayer attachments. Do not put ceramics, dishes, drinking glasses, mirrors, window pain glass or light bulbs in with your recyclables.

Newspaper:

Black and white newspaper should be separated from all other paper and tied with string, placed in a paper grocery bag (remove the plastic "carry handle" bags and dispose of them in regular garbage) or a sturdy reusable container.

Magazines, Office Paper, Mail:

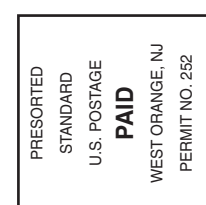

Should be bundled separately and tied with string, placed in a paper grocery bag (no plastic bags) or a sturdy reusable container.

Cardboard:

Must be flattened, placed in a paper grocery bag, bundled and tied with only string or paper tape, or placed in a sturdy reusable container. Cardboard will be picked up at curbside on the same day as all other paper.

Refrigerants:

Refrigerators, freezers, window air conditioners and dehumidifiers or any items containing refrigerants, such as Freon, require a special pick-up in compliance with the Federal Clean Air Act. **Residents must call Suburban Disposal at 973-227-7020 to schedule an appointment for a collection date.** Do not place item(s) at the curb until the evening prior to the date given by the refuse contractor or after 6:00 a.m. the morning of collection. Refrigerator and freezer doors must be removed. One refrigerator or freezer or two air conditioners or dehumidifiers are permitted per collection.

Know When To Recycle

To find out when you are scheduled for recycling pick-up you need to find your zone number by checking the street listing at the bottom of this page. Once you have identified your zone turn to the back page of this circular to see your dates of pick-up through 2009. Keep your schedule handy for a reference.

Recyclables may be set out the night prior to or by 7:00 a.m. on your collection day. Collection will not take place on dates denoted by an asterisk (*) on the calendar.

Leaf Collection:

October 10th to December 10th is the only time that leaves can be raked into the street. There will be multiple collections of leaves throughout the Township during this period on a varying schedule. Leaves are collected in paper bags at curbside only between Oct 1st and Dec 31st and again between March 1st and May 31st. There is no need to call to arrange collection during these dates. At all other times, you must call the Department of Public Works to schedule leaf pick-up. Plastic leaf bags will not be picked up - you may bring them to the Recycling Center and empty them there. Paper bags are available at Township Hall, the Public Works Department and at the Recycling Center. The fee is 5 for \$1. **It is your responsibility to notify your landscaper of these requirements.**

Lawn/Garden Debris:

This debris is collected in limited quantities with household garbage. Grass and small hedge clippings must be placed in plastic bags or garbage containers weighing less than 50 pounds each. Small branches, bushes and small shrubs must be tied in bundles cut in 4 feet lengths and weighing less than 50 pounds each. Large branches and tree limbs are not permitted in refuse collection but may be brought to the Recycling Center or disposed of privately. **Residents are encouraged to take vegetative waste to the Recycling Center.**

Automotive:

Separated tires and rims may be brought to the Recycling Center or disposed of privately. Waste motor oil may be brought to the Department of Public Works during working hours. Auto parts must be disposed of privately.

Hazardous Waste:

Hazardous household chemicals may be brought to the Essex County Household Hazardous Waste Days scheduled in spring and fall to be announced. Computers are also accepted during these dates.

Containers & Receptacles:

Curb your recyclables in sturdy plastic containers with no more than a 35 gallon capacity. Weight may not exceed 65 lbs. Plastic bins, buckets and crates may be used. Paper, cardboard and newspaper may also be curbed in plain brown paper bags. Plastic bags may not be used.

What You Cannot Recycle...

Private Collection:

Required: Items from major renovations and excessive amounts of refuse must be removed by a private hauler. Garage doors, windows, roofing, siding, lumber, sheet rock, plaster, decking, auto parts, HVAC systems, asphalt, trees/logs, earth/dirt/sand/stones/bricks, concrete, cement, hazardous materials and any item over 300 pounds.

Household Refuse:

The Township provides curbside collection twice each week for household waste that is normally generated by the operation of a household, such as culinary waste, crockery, inorganic items and lawn and garden debris. Refuse should be contained in the receptacles listed above and managed in a manner to prevent breakage and spillage onto the ground and street. Bulk collection is the second collection of the week for refuse.

Street Listing: Find your street, the zone number appears after it. Then check your collection days on the calendar provided.

Kids – Respect... Reuse... Recycle!

It is important to respect the earth and its natural resources. The air we breath, the trees that shade us, the water we drink seem infinite but if we don't care for our planet and protect it, will those resources be there for us in the future?

As the leaders of tomorrow you can be the driving force behind our community's efforts to recycle.

Things You Can Do: Try These For Fun:

RESPECT

- Choose snacks and drinks that come in recyclable materials. Paper, tin cans, milk cartons, are all recyclable. Fruit skins, peels and cores can be composted

Can you name two ways each of these items can be reused instead of throwing them away?

- Plastic bottles Soda cans Newspaper
- Glass jars Writing paper Cardboard boxes

Find the following words:

but plastic or cellophane bags are just trash.

- Use both sides of a piece of paper when drawing or writing. Use backs of scrap paper for notes or phone messages.

REUSE

- Reuse household items. Plastic bottles, boxes, paper and other items can all be used over and over again.

RECYCLE

- Encourage your parents to recycle. Following the simple instructions in this circular is a good place to start.
- Participate in your families recycling program. You can take charge of organizing your family's recyclable items and putting them on the curb for your assigned pick-up.
- Encourage your school to recycle.
 - Start or enhance your school's recycling program.

Email us at Township Hall at info@westorange.org and let us know how you are doing. You and your efforts may be highlighted on West Orange Week with Mayor McKeon or at a Township Council meeting broadcast on local Channel 36.
